CHARACTER GUIDANCE

Rich in interesting, real-life materials for classroom discussions, this book is intended for use in a 7th or 8th grade course on character education and ethics. In many schools where such a course is not offered, the book is a required manual for home-room teachers. Pupils need education in the right use of the abilities and skills which they are learning!

NEWSPAPER STORIES *for* GROUP GUIDANCE

Brewer & Glidden

This book contains 170 newspaper stories, selected and rewritten for children, and arranged in subject-unit groups. In each story a character faces a problem of right and wrong, and solves it according to his idea of what is right. But in not a single story is the right decision easy or obvious. Pupils enjoy discussion of the series of questions following each story, in which every angle of the problem involved is developed.

degree, is only $1,400. Of course, an ambitious teacher, by hard work and clean living, etc., can in 10 years work up to a maximum salary equal to the stablehands' minimum salary. Opportunity is not dead in America—but sometimes it is awfully cockeyed.

INTERGROUP WORKSHOPS: Three workshops in intergroup (human relations) education will be conducted in different parts of the country this summer, under the auspices of the American Council on Education. The workshops at the University of Chicago and at Syracuse University, Syracuse, N. Y., will run from June 24 to August 3. The workshop at Mills College, Oakland, Cal., will be held from July 6 to August 17. Information may be obtained from Dr. Hilda Taba, Intergroup Education in Cooperating Schools, 437 West 59th St., New York 19, N. Y.

ENCYCLOPAEDIA JR.: If you are "interested in the general field of children's literature and are able to conduct research investigation leading to the improvement of children's encyclopaedias," you might want to try for one of the six research scholarships offered by Encyclopaedia Britannica Junior. They are for graduate study at the University of Chicago for 1946-47 (3 for $1,500 and 3 for $500). For further information write before June 15, 1946, to Miss Frances Henne, Graduate Library School, University of Chicago, Chicago 37, Ill.

BATTLE PLANES: At "a nominal sum", your school can buy through the Reconstruction Finance Corporation a battle-worn bomber or fighter plane that has been retired from duty. More than $40,000,000 worth of aircraft equipment, states Air Press Service, has been turned over to schools to date for use as "guinea pigs" for aviation students.
